Newsletter June 2018

The Society is in its 45th Year

Meetings

The Society meets fortnightly on **Mondays (7.30 – 10.00 pm)** at **The Civic Club**, 134, Davey Street, Hobart. There is ample parking at the rear of the building and entry is via the back door. **Players please arrive** early enough to help set up the room for playing. With increasing numbers we need to move furniture out and set up a double row of chairs; preferably two to a stand. Furniture moved out at the beginning of the evening must be put back before we leave!

News of Members Past and Present

(Contributions welcome for this section.)

Plans are well in hand for an informal gathering to remember **Jane Turner**, who died suddenly in Adelaide last year, with loving words and music. Keep Sunday morning 8th July free for the gathering at Taroona Beach. Full details were circulated separately.

The Society extends a warm welcome to new members; Wes Campbell and Raymond Dunstan.

Claire and Xavier have been busy with concerts as well as playing with the Society.

Henni says she will be back to play with us in 2019.

From the Librarian

If you have any music with **red dots** please return to the librarian asap. This is our original music and may well be irreplaceable. It also means that that particular piece is not available for HSRPI to play. So, please have a look through your collections of sheet music for red dots and return these pages to Arjun, for incorporation back into the library.

This **red dot request also applies to previous members** who still have an interest in the Society and might still have music with red dots from the time they were actively playing with us. We'd love to get it back so, please make your favourite hot or cold drink and check your sheet music for red dots. If you have such music and are unable to return it please contact someone on the Committee or send a message through our website to arrange collection.

Important Note on Borrowing music and instruments:

The library has a vast catalogue of music. This is the collective resource for the all members of the HSRPI and borrowing is encouraged. However, it is essential to inform the Librarian of all borrowings and necessary to clearly note the identifying details (listed below) in the Loans Book. The Loans Book is housed at the front of the top draw of the right-most filing cabinet (cabinet number 5) and is available upon request.

Please always include:

1. Your name;
2. Your current contact details, both phone and email;
3. The date of borrowing;
4. The name and composer of the work borrowed;
5. The index letter-number, which is prominently displayed on the envelope's exterior. An envelope marked "B4", for example, means that this is 4-part music by a composer whose surname starts with the letter "B". Including this in the Loans Book allows the music to be properly and promptly re-filed.
6. The date of return. Please return music to the Librarian for re-filing.

In addition to the above the Committee has agreed that:

- No more than 6 items of music plus 2 instruments be borrowed simultaneously by anyone at any time. Exceptions are proposed for: i) The Society's Music Director, should s/he require these in preparation for a concert, and ii) Special Events (such as the Langmans' annual Bicheno weekend where larger quantities of music are needed).
- The loan period for music and books is for a maximum of 6 weeks. To renew the loan, the music needs to be brought in, returned, and formally re-borrowed.
- Subject to a signed Borrowing Agreement [wherein the borrower agrees to help pay for repairs (where instruments are damaged beyond normal wear and tear), or replacement (where lost or irreparably damaged)], instruments are available on loan for a maximum of 6 months at a time. The loan can be renewed unless another member is waiting to borrow the instrument.
- Whilst the borrower's membership of the Recorder Society includes access to instrument loans without any bond or fees, additional voluntary donations are always welcome.

From the Music Director

The following is a heavily edited version of the Ten Commandments provided by Nicholas for the last newsletter. It includes just the bare bones of each thought. Please print it out and put it in the front of your music folder.

Ten Commandments

Please observe the following at HSRPI playing sessions.

1. Be ready to commence playing at 7:30 pm sharp.
2. Bring a soft pencil.
3. If possible, share a single music stand between two players.
4. Respect your fellow players and the Music Director and don't talk when playing or instruction is in progress.
5. Pay attention when new music is being handed out and resist the temptation to begin playing it immediately.
6. Don't play with one recorder whilst others sit on your lap.
7. Watch the conductor, especially at beginnings and endings, at entries after longish rests, and at cadence points.
8. Keep your instrument raised until the conductor drops his /her arms.
9. Clear your instrument of condensation by quickly sucking the moisture out without touching the window.
10. Go to <http://www.recorderhomepage.net/technique/fingering/> for information on recorder fingerings
